Bresso Sofa

Bresso sofa by Nicoline Italia. The movable yet stable backrests lend the Bresso model a dynamic design that allows you to arrange the sofa as you please. Available in leather, fabric or in a combination of the two.

Bresso Sofa

Bovisa Sofa by Nicoline Italia. A sofa in a traditional design that easily adapts to any setting. Its subtle detail gives the Bovisa model a unique and unmistakable identity. Available in leather and fabric.

Bovisa Sofa

The only company in the world that produces "Total Look", or any material, glass, ceramic, wood, carpets, lamps, paintings, metal in the same style, all strictly "Made in Italy or Europe", under the direct control of Adriani and Rossi.
Our objects are present in the warehouse, guaranteeing a quality service.
Our products are timeless.

i750 by Incanto Italia.
I750 is a modular seating program that can be easily adapted to new classic-contemporary living.
It is a dynamic system where each element takes part to set up an original interplay of soft volumes. By alternating poufs and seating, it is possible to build up comfortable domestic spaces where you can enjoy your personal spare time in total relax.

The Bivaq fabric.
It is made with highly tensed fabric string and especially designed for long durability and resistance to aging. The strings are dyed and treated with a solution that helps avoid discoloration due to sun exposure, as well as stains caused by humidity.
Any stains caused by sun block, sweat or other natural agents may occur. This can be easily avoided by cleaning the surface.

Kate Sofa By Mariani.
Inspired to a royal beauty and to a name that today is for all an icon of style and elegance, the system of modular seating KATE, will transmit a plain and delicate imagine but at the same time fresh, innovative and versatile.
All these characteristics coexist in perfect equilibrium in the Kate collection, characterized also by the big versatility thanks to the possibility to make different seating-solutions for each requirements of style and availability of living space.

Pal by Point Outdoor.
 Design, innovation, craftsmanship and high quality characterise POINT's outdoor furniture. Collections created by designers and master craftspeople that are an invitation to enjoy endless summer evenings and mornings lit by the warm summer sun, the gentle breeze and the luxury of savouring outdoor living.

Amet dining chair by Reflex Angelo.
 The simplicity and lightness of the shapes are strengthened and highlighted by the external cover which is the salient feature of the Amet chair. A cover that can be customized and available according to the project needs.

The chair has a seat and a back upholstered in different densities to improve the subjective and objective comfort of the user. The ash wood legs are available in metallic finishes, lacquers and dyed woods.

Tortona Living
by Nicoline Italia.
Featuring soft, comfortable
curves, the Tortona model
stands out for its slender
and slightly, curved armrest
aligned with its backrest.
The gold-tipped, gunmetal
legs, available in three
different styles, add a
further touch of elegance
to this model.
Available in leather and
fabric.

Borghese Sofa.
It is a sculptural piece
directly inspired and
named after the pine trees
of the Villa Borghese
gardens in Roma.
The characteristic network
of branches is translated
as a graphic steel
framework to support a trio
of cushion.
The designer's preference
for organic shapes readily
translates as a standout
modernist statement-piece
